**Date: 06.05.2014.**

**TO WHOMSOEVER IT MAY CONCERN**

***This is certifying that we are the manufacturers of Water treatment plant and effluent treatment plant. We have been using SPUSSELS Design software for filter vessels and softeners.***

***The following are few features that we have found useful.***

***Output is as per IS as well as ASME Standards.***

***Automatic generation of 1:1 scale GA drawing on AutoCAD.***

***Automatic generation of BOM.***

***This software saves considerable time and enhances our productivity.***

***The after sale service and software update are also good.***

***For Raviraj Industries,***
